

On This Side
Of The Sun

By Phat

History almost repeated itself last weekend. . . In fact, it missed by only twelve hours. . . Remember that memorable day in June, several years ago, when the national Shrine conclave was held in Los Angeles and the Shriners paraded down Broadway IN THE RAIN? . . . The Florida Shriners, especially, had a merry time that day. . . It wasn't until some one coined the expression "liquid sunshine," which originated that day, that Los Angeles lived it down.

IT LOOKED almost as if Palm Springs was going to have a similar experience last Saturday. . . With several Shriners already in town the Village was treated to a soaking rain Friday night. . . And on Saturday when the parade started the sky was still overcast and carried a hint of possible rain. . . Wouldn't that have been something! . . . Anyway, visiting Shriners who had expected to march down the drive under hot desert sunshine, were somewhat grateful for that canopy of clouds which kept them cool.

SEVERAL of the visitors who remained over Saturday night were heard expressing a wish for cloudy weather Sunday when they awakened. . . Some had no dark glasses, others had misplaced them — and the sun was rather tough on tired eyes that morning. All in all, it was a great weekend and the visiting Shriners were loud in their praise of the hospitality of the Village and of the local Shriners who participated in the Village end of the program. . . The Villagers did right well despite the fact that while they expected 2,000 visitors, there were between 5,000 and 6,000 here for the day.

ADVOCATES for equal rights for women have started something new. . . They're picking on the men again. . . Seems that the fact that a man can go through life from the time he's old enough to shave with but one title, "Mr." irks them. . . It isn't fair, they say, because a woman when single is a "Miss" and when married, a "Mrs." . . . Either let women have but one title, unchanged by marriage vows, or make men have two. . . They urge single men be called "Master" and married men "Mister." Imagine some grey-haired old bach answering to the name of "Master!" . . . On the other hand, news writers here would welcome a standardized title for women. If they were all called "Miss," reporters who aren't up on Reno and Las Vegas travel, wouldn't have to stammer and ask: "Is it Mrs. or Miss?"

HAVING BEEN out of circulation for a few weeks, I don't really know how things are in Glocca Morra or at the Dunes, Pago Pago, Lido or the other spots. . . But one of my agents came in raving this morning. . . "Get out from under your wraps and go hear Ken Clark at Mr. Dee's," he urged. . . "Can he play! Everything from the classics to the modern popular number and good." . . Of course, I don't trust this agent's judgment on the classics. . . The other day he heard Tchaikovsky's famous piano composition and remarked: "Gee, that's a direct steal from 'Tonight We Love.'"

AT FIRST I figured the telephone strike was a sort of disguised blessing in that, with the elimination of long distance calls, that jangling telephone bell sounded out only about two-thirds as often as it did before. But I've changed my mind. . . Last week, because the calls were not deemed urgent, three people sent telegrams instead. . . And everyone of them was "collect." . . The mail brought one letter from Las Vegas enclosing a clipping from a paper of that city. . . Seems Ex-Mayor Kelly of Chicago two-timed us. . . Read this item from the Las Vegas paper: "I've been to Florida and am now stopping at Palm Springs but this Las Vegas weather is the best of all." . . That's not what he told us, the old diplomat.

THE MAIL also brought a clever card from Mr. and Mrs. Stan Shuttleworth. . . You remember him. . . He used to bring the mail around. . . The card is topped by small print: "We've Done It Again!" then goes on in larger type: "Shuttleworth Productions, Inc. proudly present that dynamic discovery of 1947, Stanley Brown, Shuttleworth II in 'It's A Boy.' . . Among the credits given, just as on the screen, are: Directed by Stan Shuttleworth, produced by Stan Shuttleworth, C. T. Halburg, M. D., technical advisor. . . World Premiere March 26, 1947, Redlands hospital. . . In other words, the postman rang twice and they are both boys.

SADDEST news of the week—The Hit Parade isn't coming to the coast anymore. . . Well, we still can play our own. . . With that 16-year-old "Heartaches" No. 1, "Linda" No. 2 and "Mam'selle" No. 3.

Palm Springs Veterans Put In Busy Week

It was Circus Week, the week before last, and it was Shriners' Day Friday and Saturday but it certainly will be Veteran's week in Palm Springs this week. Sunday afternoon, the Frontier Post of the Veterans of Foreign Wars, played host at the Palm Springs high school for a mass installation of newly-elected officers of five posts of that organization. This evening the Owen Coffman Post of the American Legion will act as host on the O'Donnell Golf Course for the mass installation of new members into five neighboring organizations of the American Legion.

AMVETS will entertain its own membership, AMVET wives, and World War II veterans at an informal social gathering at the Colonial House, where Bill and Thelma Davis, manager and owner of that swank establishment, will turn over the facilities of the inner patio for swimming, dining, and lawn dancing. This event is being staged in connection with the announcement that Congress AMVETS as a representative service organization of World War II veterans. It is the only such organization created as a result of World War II to be so recognized in the country.

The mass installation of VFW officers seen by more than 500 persons who jammed the auditorium of the Palm Springs high school saw A. M. Elton, installed as commander of the Desert Hot Springs Post, Jack Alfman, a senior vice-commander and Bell Hansen, as Junior vice-commander. For the Bill Huntington Post of Indio, P. A. Jannotta became the commander; Sam Hensley, senior vice-commander; E. M. Key, junior vice-commander.

NEW OFFICERS of the Desert Edge Post are Commander Carl F. Elbik; Senior vice-commander Jules Townley and Junior vice-commander Christie Soto. Officers for the Captain Jacob E. Baker Post of Blythe are Commander Silas Guthrie, Senior vice-commander Roy Mallieser; Junior vice-commander George Grubbs.

New officers of the local Frontier Post installed were: Commander Clinton Bassett; Senior vice-commander Dean Pickell and Junior vice-commander Bill Rashall; Johnnie Miller, quartermaster; James Ramsland, chaplain.

Busy Day

City Jammed but no Serious Incidents

Although there were more people in the Village last weekend than there have been since the days of Camp Young when army trainees by the thousands used to flock here, police reported no serious cases.

There were plenty of minor calls, several ambulance calls, several cases where imbibers had over-estimated their capacity, two false fire alarms, one real fire and one call to the fire department to take care of a tree about to collapse.

It was a busy day but, in view of the thousands of pedestrians and the thick traffic, not as busy as anticipated.

Torney Purchase Drive Launched

"A chance of a life time."

That was the opinion of practical businessmen of the Village who listened to city officials for two days outline the reasons behind the plan to purchase all or part of Torney General Hospital.

As a result of these discussions, directors of the Palm Springs Chamber of Commerce voted to endorse the plan and to relieve Harry Harper, secretary of the Chamber, temporarily, so that he can act as director of the campaign to acquaint voters with a thorough picture of the contemplated purchase and the utilization of the land and buildings which now comprise the site.

A CITIZEN'S Committee, under the chairmanship of Carl Lykken is being organized and will be composed of a representative cross-section of Village voters. This committee will inform as many persons as possible with the entire picture before election time rolls around, May 20.

While Harper is engaged in the task of directing the educational campaign, Florian Boyd and other directors of the Chamber of Commerce will complete plans for the drive for funds with which to pay for newspaper and display advertising for the promotion of Palm Springs as a winter resort.

THE POINT everybody seemed impressed with in the purchase of Torney, was that no bond issue would be necessary for the purchase, nor any increase in taxes. Instead, it is planned to use the revenue from the present sales tax to pay for the property. Payments, it is said, will stretch over a period of ten years.

"Just listen to this," declared Harper. "The government will allow the city to pay for the property over a period of ten years without charging the city any interest. And," he continued, "the payments can be made out of the returns on the present sales tax, with plenty of money left for other city improvements."

Harper pointed out that the city originally imposed the present one-percent sales tax to pay for capital improvements in the Village. The only difference Harper said, was that here was an opportunity to obtain all of these improvements at a fraction of what it would cost the city to obtain them over a long period of time, and have their use in the meantime.

"Why a building in which to house all of the city departments would cost Palm Springs approximately \$300,000," Harper said, "and the city is now presented with a chance to obtain sufficient room not only for a city hall, but for a whole civic center."

HE ADDED that the facilities which could be instituted on the Torney General Hospital grounds would answer the city's requirements. See TORNEY, Page 6

Business Women in Final Session

Final meeting of the season was held by the Palm Springs Business Women's club at a banquet in the Blue Room of the Chi Chi.

David Sturgis, astrologer, who horoscoped the late President Roosevelt, the Duke and Duchess of Windsor and many other famous people, gave the horoscope of the club. He also read the stars of President Emma Jean Hume, Secretary Elizabeth Jackson and Treasurer Anne Goldberg.

Cancer Drive Launched in Village Today

Organization of a Palm Springs committee to aid in the nationwide Cancer drive was completed last week and subscriptions for the fund will be taken here for the next two weeks.

Mrs. Harold Murphy was named chairman of the local committee and Harold West of the Bank of America, treasurer. Others on the committee are Mrs. George Manning, Mrs. Ralph Shelly, Mrs. Charles Glass, Mrs. James Hume, Mrs. O. B. Jaynes, Mrs. James Oliver and Mrs. Donald Lockett.

He added that many persons applying for passages to Palm Springs from Los Angeles have to be turned away due to the booking of capacity loads.

Village Caravan Planned for Road Opening

Tickets are available at the Palm Springs Chamber of Commerce for the barbecue and celebration, marking the opening of the Banning-Idyllwild highway, to be staged at 11 a. m., Sunday, May 11, at Stone Creek Lodge, four miles north of Idyllwild.

It is hoped that a Palm Springs caravan can be organized to make the round trip over the new highway from Banning and return by the way of the Palms-to-Pines highway. This trip bids well to become known as the famous circle drive. Chamber officials are encouraging Village families to make a day's outing for the event.

Villager Shaken Up in Rail Accident

One Palm Springs passenger, Miss Peggy Sherrod, employee at the Bank of America, was aboard the Southern Pacific Argonaut when it was derailed at Gusti, Sunday night.

Several cars of the fast train were derailed. Usually the Argonaut carries several Villagers on Sunday nights as it is the last train out of Los Angeles.

Miss Sherrod was shaken up and suffered some from nervous shock.

Net Play Starts Here Tomorrow

First round play starts tomorrow in the 1947 Palm Springs Tennis tournament, which is being backed by The Desert Sun, Radio Station KCMJ, and the Palm Springs high school. Opening round matches should be completed by Saturday in all events, men's singles, men's doubles, mixed doubles, and ladies' singles, according to Charles McDonald, tournament manager. The draw will be posted tonight at the chamber of commerce.

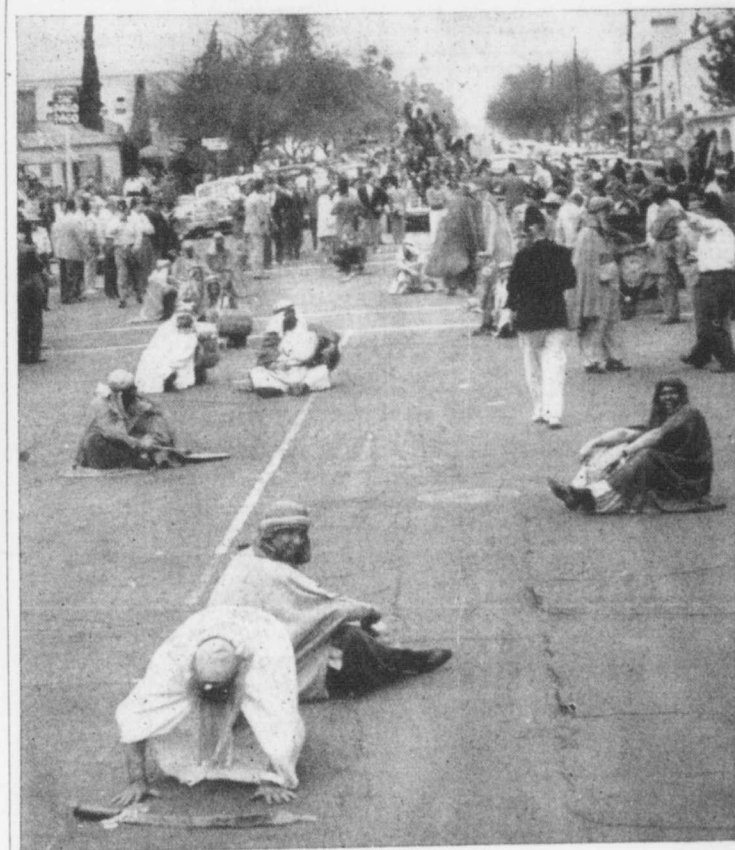

With last-minute entries, a full draw of 32 is expected in men's singles, with close to 16 teams in both doubles events and 16 ladies' singles entrants.

McDonald reminded players that they are responsible for scheduling and playing of their own matches. The high school courts are open except when regular school activities are taking place there. Best times are before 8 a. m., between 11 and

12:30, and after 3:30, on week-days, and at any time on week-ends. The Tennis Club courts are open for tournament matches at any time.

McDonald (phones 2137 and 8934) and any members of the tournament committee may be called for aid in scheduling matches.

Watch the Sun for stories on the progress of the tournament. Finals will be May 11.

NO LOST MOTION—These members of the Oriental band from Al Malaikah apparently believe in plenty of rest. Everytime the parade stopped, instead of marking time as did the other marchers, they just sat down and rested. (Gayle Studio photo.)

Shriners Jam City For Big Ceremonial

More than 5000 Shriners, from the Colorado river to the coast and from the Tehachapis to the Mexican border, thronged Palm Springs for the Desert Ceremonial Saturday in one of the organization's greatest events.

They started coming in Wednesday and by Saturday morning the Village was jammed with red-fuzzed visitors. They came by bus, private auto, plane and some by train.

THEY CAME from Al Malaikah Los Angeles, and Al Bahr, San Diego temples, with a sprinkling of Shriners from midwest and eastern temples among them.

Biggest event of the big day was the mass initiation of 108 Neophytes at the Field Club Saturday afternoon. Potentate Elmer P. Bromley of Al Malaikah and Potentate L. J. Goree Jr., of Al Bahr, were in charge with the special officers of their diwans taking care of the details.

THE FIELD CLUB was filled almost to capacity with 3,500 Shriners there for the Ceremonial. Hundreds couldn't get in and remained up town.

Preceding the Ceremonial, hundreds of Shriners participated in a great parade down Palm Canyon drive.

The Al Malaikah band headed the parade followed by cars with Potentate Bromley and other high officers of Al Malaikah.

AT THE HEAD of the second division was the El Bahr band with Potentate Goree and his Divan, following in automobiles. The Oriental band wound up the parade.

In between bands and officials, were the Al Malaikah chanters, drill patrols, and delegations of Shriners from various southland cities.

Officials and just Shriners were unanimous in their praise of the hospitality of Palm Springs and local Shriners were highly pleased with the success of the great affair.

Carl G. Lykken Again Will Head Community Chest

Palm Springs Community Chest, Inc., was organized for the new year with Carl G. Lykken, who headed the group last year, again president for the new year.

Mrs. Harold Hicks was elected vice-president, Mrs. William Lippman, secretary and Jacques Crommelin, treasurer.

On the budget committee, which will allocate the funds to the different associations which benefit from the Chest are Jacques Crommelin, Ernest Alschuler, Mrs. James Oliver, Mrs. William Lippman and Robert Peterson.

Kenneth Kirk was chairman of Chest drive this season. The campaign went over its quota by almost \$1,000, approximately \$35,000 being subscribed.

Plan Revision Of City Land Use Measure

For the first time since 1940 the City Planning Commission has presented a revised land use ordinance and Zone maps to the city council for discussion, public hearings and adoption.

The first public hearing on the new zoning and land use plan was presented last Friday but there was a poor turnout of interested Villagers. The second and final hearing will take place in the El Paseo Theater auditorium at 7:30 p. m.

THE PROPOSED land use and zoning ordinance was the culmination of a careful study conducted by special planning consultant, Tyler Sues. It was pointed out that his survey was conducted without benefit of pressure or direction from the Planning Commission of the city council.

Two large maps graphically depicting the land-use ordinance and the proposed zone law changes will be on display at the El Paseo theater building each afternoon from 2 to 4 p. m. until Friday.

The land use map shows existing conditions and the other, the proposed changes. A representative from the city hall or the planning commission will be on hand to explain to those interested.

According to Charles Burket, president of the Planning Commission, the proposed land use map does not contemplate any considerable changes from the present one now in force. The changes suggested are with a view to develop a better pattern of the land uses.

BURKET pointed out that the See CITY LAND, Page 10

Careful

Bad Check Artists Again Busy Here

Rubber checks are again bouncing in the Village, police reported in a warning to merchants.

Last week one hotel keeper and a prominent merchant brought checks totaling almost \$300 to the police station, seeking arrest of the men who cashed them.

Chief of Police August Kettmann issued a warning to Villagers asking that undeniable identification be obtained before handing money or merchandise to strangers in exchange for checks—especially if the people tendering the checks are from out of town.

By DON CAMERON

Don Maher says that my prediction last week of a cool May
is the real McCoy because the sidewinders came out for a few
days, looked around, and went back into their holes. He brought
me right up to date on all the happenings in the Del Sol area:

The George Fredericks have
completely reconditioned their
house and rebuilt their swimming
pool. Mr. Hiatt broke four ribs
while milking his cow and is in
the Coachella Valley hospital.
Lucky J. R. Ranch has a bumper
alfalfa crop. Ruth Warburton is
back in New York. Farmer Page
is down from Las Vegas looking
over his Rancho Palm Springs.
"Doc" Curley met with an acci-
dent recently, while taking some
folks on a tour of his grape vine-
yards he was run over by his
tractor and Mr. and Mrs. Ted
Enoch took him to the hospital
in Indio for a check-up. Luckily
it happened in the soft silt and
"Doc" was not badly hurt.

ON MONDAY the county road
gang started putting the half
mile stretch through the sand
dunes near Paul Kerstens. This
will connect the "Ranch to Mar-
ket" road from Del Sol to Won-
der Date Garden and it shouldn't
be very long before we will be
able to drive right through to
Ramon Road.

The William McGregors of Los
Angeles are visiting Don and
Hilda Maher. Mr. McGregor owns
the Guernsey Gold Seal dairy and
is down here for the Shrine gath-
ering in Palm Springs.

AT RANCHO MIRAGE a good
crowd of property owners turned
out last Sunday morning for the
annual community association
meeting. The following directors
were elected for the coming year:
Phineas Perouty Jr., A. Ronald
Button, Robert Zimmer, Lyle
Harper, Robert Truex, Mrs. Amy
Croft and Ralph Pierson. On
Wednesday Ellledge Bros. broke
ground for the new 30'x70' swim-
ming pool. Bob Wilcox is the su-
perintendent and the Gwynne
Wilson pool which he has just
finished is a beauty. The location
of the new play area is Sahara
Road and the Veldt. Randolph
Scott is visiting the Frank Mor-
gans. Hedy Lamarr is spending
this weekend with Ron and
Gladys Button. She came down
especially to get the furniture
lined up in her new home. Dr.
Claude Church and Margaret had
Dr. and Mrs. Galen Drury and
Bill and Peg Rashall for dinner
last Sunday. Many old timers in
Rancho Mirage will be saddened
by the news of Harold Wag-
goner's death in Long Beach on
April 12th. At one time he owned
the building now known as the
Legion Hall.

VISITING the Palm Dell Odells
for the weekend were the Carl
Hansons of Monrovia and Lloyd
Willis of Long Beach. Mr. Han-
sen has just completed a house
for Gwynne Wilson and when he
finishes two houses in Monrovia,
will be back here to build the
Odell house.

Meters is Backed
By Business Men**

If the ballots so far returned
by Village businessmen is any
criterion and the result is accept-
ed by city council, Palm Springs
will have parking meters.

The ballots, in the form of a
double postcard, were sent to
Village businessmen last week
by the Chamber of Commerce
and as of yesterday 155 which
had been returned were for park-
ing meters against 37, opposed.

Every person in town holding
a business license received a bal-
lot. Approximately 600 were
mailed and the returns so far
indicate a yes vote of slightly
more than four to one.

The Chamber plans to submit
the result of its survey with rec-
ommendations to the city council
just as soon as sufficient time
has elapsed for the return of the
post cards.

Harry Harper, secretary of the
Chamber asked that those per-
sons who received ballots and
have since then misplaced them,
or have not received any at all,
to telephone 6111 and another
double postcard will be mailed.

Girl Scouts Hold Open House Event In New Building

Girl Scouts and their leaders held open house for their friends last Friday night in their new Scout house on 2nd and Allen streets at the corner of the Cathedral grammar school grounds. Punch and cookies were served to the many friends who had contributed in labor and money towards this project and made it possible in so short a time.

Grant Wood, business manager of The Desert Sun presented a portable record player in appreciation for the subscriptions which had been obtained for The Sun through the efforts of the girls and their friends.

The Scout house was decorated in yellow and white crepe paper motifs and large Mexican hats. A red Congoleum rug brightened the floor, a donation from Mrs. Ruth Metz, and exhibits of artificial flowers made by the Scouts formed an attractive background for the happy faces of the Girl Scouts and their leaders.

Sanitary Tips

1. Put your garbage cans out Thursday night and Sunday night. Collections start the next morning as early as 4 a.m.
2. Get numbers for your house. If you have been overlooked and want to lodge a complaint it will not be taken unless you have put up your street number.
3. If you are closing your house May 1st and want to go on vacancy rate at that time you may do so providing you pay in full from May 1st to October 1st at the one third price.
4. You should turn in your collection ticket.
5. Place your cans on your front property line and be sure your ticket is within sight of those emptying the can.

By MARY WOLSETH—

"It would be a good thing for this town if the Cathedral City Chamber of Commerce would send delegates to the luncheons which are given at intervals by the Riverside County Chamber of Commerce," sez Bill Hillery, who has attended many of these county luncheons at his own expense and as the self appointed delegate from this town. During the war the luncheons were discontinued but have been started again this year.

"The last luncheon I attended was in January at the Mission Inn and I had seven guests with me. When the names of the various county chambers of commerce were read they skipped Cathedral City altogether. When I asked about this they said that we so seldom had a representative that they forgot about Cathedral City and omitted the name. The next luncheon is to be at Idyllwild some time in June and it would be a fine thing if some of the members would join me and attend."

I have attended every chamber of commerce meeting this year and have never heard a letter of invitation and inviting members to attend. We must be omitted from the mailing list as well as the roll call, sez I.

Records are needed for that new player at the Girl Scout house and if any of you have some record you are tired of, will you please give them to the Girl Scouts. They have been having parties on the week ends, and need music.

Busy Session Held At Final Rally of Civic Association

The Civic Improvement association held its final meeting of the season at the Town Hall last Thursday night. Members of the club had been notified through a letter from the president telling them what had transpired at a joint meeting of officers of the three clubs, the Civic, Women's and chamber of commerce.

It was therefore an interested and informed group who listened to Mack Moore as he reported for several of the absent chairman. William Conser, chairman of clean-up sent the report that he had consulted with Robert Hillery who was prepared to organize a group of boys to clean up vacant properties where requested and that this work would start in September. The Parking and Safety committee sent in the report that they were working through President Moore, who, in his newly appointed capacity as local health inspector for Cathedral, Desert Hot Springs and Indio, would be in close touch with the county officials and could contact the highway patrol in Indio. They were hoping for some stop signs and pedestrian crossings.

ALEX BOWKER said he had ordered a refuse can and had consulted with the postmistress Tiny Henry who had expressed pleasure and cooperation in the project of keeping the front of the post office free from waste paper.

L. C. Lewis deplored the unimaginative names which have been given to the streets of Cathedral City and after considerable discussion he was appointed chairman of a one man committee to investigate the possibilities of changing them to street names. He was told that Professor Kyle had also attempted to give Cathedral more musical street names but had met with so much opposition from the county map makers who were prepared to provide street signs if the old names were kept, that he had abandoned the new names for the streets but was allowed to keep them for the lanes.

CORINNE SUSSMAN, chairman of the committee for the preservation of desert shrubs sent in a letter she had received to the county department of agriculture in which they said that so far no cure had been discovered for dodder, the yellow parasite which kills the smoke trees and indigo bushes.

President Moore asks that people write to him this summer in order that he may use excerpts from their letters for The Desert Sun column. The new publicity committee which he will head in the absence of Mrs. Mary Wolseth until next November, will divide the work of getting out the weekly news round up. Dorothy Crawford and Dorothy Maddox will write the personals, Corinne Sussman and Christina Lillian, editorials, Bill and Robert Hillery and Mack Moore, news items.

Keep off the Levee, Plea of Engineers

Children playing on the banks of the flood control channel are causing considerable damage to the embankment. Letters were sent to parents asking them to warn their children off the levee as the engineer says damage amounting to fifty dollars has already been done.

It isn't only the children who are warned to keep off, but pedestrians and horseback riders and even motor cars have all had a share in loosening the dirt. "Keep off!" warn the workmen.

Directors of C. C. Plan Final Meeting

Directors of the chamber of commerce and their wives will be participants in a pot luck supper for the last directors meeting of the season at the Town Hall on Saturday night May 3 at 6:30 p.m. The house committee is in charge of arrangements.

Cancer Drive in Cathedral City Meets Response

Mrs. Harriet Colglazier, chairman for the Cancer Campaign drive in Cathedral, said that the women who sat at the post office all week reported a fine response from the residents of the town. The table was at the post office from Monday through Saturday with Dorothy Maddox, Lillian Hale, Bessie Kelley, Dorothy Crawford, Mary Moore, Agnes Wilbor, Lolita Waller, Margaret Potter and Jeanette Weingartner taking their turns at the post. Caroline Kelley was also a great help in organizing the workers and all gave generously of their time.

Hart Kopp as treasurer for the drive will continue to take contributions and the boxes which have been put at various strategic places will remain for two weeks. A final return of the money collected will be made when the boxes are collected.

Cathedral City Personals

Miss Margaret Davidson, R.N., held an audience of Girl Scouts enthralled when she lectured to them recently on first aid. This instruction was required for them to get a certificate and as Miss Davidson had been an army transport nurse stationed in Australia and the South Seas her words carried weight. The girls would like a more extensive course next year Margaret, that was only a teaser.

The Woman's Auxiliary will meet at the home of Mrs. Edna Peterson at Peterson Cove ranch on Friday May 2, 2 p.m. All ladies in the community are invited to attend and requested to bring any old clothing they wish to have sent to the Mexican and Indian groups the auxiliary has been helping.

Paul Clark has been circulating a petition for signatures in order to start the ball rolling for the forming of a sanitary district in this part of Riverside county. Only twenty-five signatures of property owners who are registered voters in this precinct are necessary and when they are received by the supervisors an investigator will be sent here to make a verbal report.

Sylvain Noack, who recently purchased the South 55 feet of the newly acquired Church property on Cathedral Canyon drive and B streets, had the intention of starting to build his own home thereon immediately but has been forced to put off building until fall as he is making an airplane trip to Holland where his sister is reported to be in serious condition.

Mr. and Mrs. Nils Persson of Glenn Ave. and F streets, entertained 12 friends last Tuesday night in celebration of their 25th wedding anniversary. Their daughter Ruth could not come to the party but made up for this by spending the weekend and singing at the Community church service.

Mr. and Mrs. Alvin Reed of Los Angeles spent a weekend recently with Miss Lydia Eng. They also visited their friends the George Kooglers. Mr. Reed is an advocate of the Indian hot springs baths and says they benefit him greatly.

The Page Juice Bar has had a face lifting with a big sign above and a walled patio in front replete with umbrella and redwood furniture. There is also a neat trellis screening the unsightly space between two walls. The Pages say that business is picking up and they expect to stay open all summer—without a cooler! Three bets they change their minds on that!

If only one more ounce of potatoes a day were eaten by everyone in the United States, the resulting increase in consumption in terms of farm weight would total over 70 million bushels a year.

Village's Share In License Fees Fixed at \$3,507

The city of Palm Springs will soon receive \$3,507.82 as its share of liquor license fee revenues, according to an allocation announcement by William G. Bonelli, fourth district member of the State Board of Equalization.

The sum represents the city's share of the \$1,630,986.49 in license fees collected by the state for the half year period from July 1, 1946, to Dec. 31, 1946.

THE COUNTY'S SHARE in the license revenue distribution is \$19,531.75.

Cities and counties share in one-half of the total revenue collected each half-year period, Bonelli explained.

The state retains the other half, a portion of which is used for administration and enforcement purposes and the remainder goes into the state general fund.

PALM SPRINGS' share of the county's allocation was the second largest to a municipality. Riverside city will receive \$4,272.81.

Unincorporated areas will receive \$4,109.71. Driest city in the county is Coachella which gets only \$12.50. San Jacinto and Beaumont rank next in the low brackets while Indio was third wettest with an allocation of \$1,840.32 and Blythe, fourth with \$1,441.25.

It was once believed that the Phoenicians had the first alphabet, but later investigations indicate they borrowed letters from older sources.

Teachers ARE Human

By CONI TILGHMAN

Are teachers human? This has been a debatable subject among students for many a generation. Whenever a pupil is asked, "What is your teacher like?" the answer frequently is, "Oh, she is just like the rest. She isn't human."

LEADER—Billie Rogers, famous band leader who will be at Desert Inn with her orchestra for three days to play for Spring dances.

Desert Inn Lists 3 Outdoor Spring Dances This Week

Billie Rogers, nationally famed girl trumpeter, (for three years with Woodie Herman's orchestra as featured trumpet player), and her celebrated musicians "Five Men and a Girl" will be presented at the Desert Inn on Thursday, Friday and Saturday nights, May 1, 2 and 3, when outdoor dinner dances under a full May moon get under way.

Thursday night has been reserved by the Lions club for their festive May Day dinner dance. Over a hundred couples will gather on the gaily decorated tennis courts for this affair to dance until the wee sma' hours. On Friday and Saturday nights this orchestra will play for the traditional outdoor dinner dances at the Inn, which due to popular demand have been revived for the first time since the war. Reservations are pouring in for these events which will highlight the late spring season in Palm Springs.

"MAY—THE LOVELIEST MONTH"

Members of the journalism class at Palm Springs high school are stepping out these days with "feature stories" which The Desert Sun will print to encourage this writing flare. The first appears today. (By Coni Tilghman)

What this statement reveals is that the student's conception of the average teacher is that of a person or shall I say fiend who spends every free moment conceiving new means of torture for the poor little creatures in the class room who must take it and like it.

A WOMAN teacher can't win, the average student believes, because if she isn't married she is mean and grouchy because she doesn't have a man. If she is married the question asked by the multitude is: "How did SHE get a man," or "That poor sucker!" The man teacher, student opinion declares, is either a burly brute or of the hen-pecked husband type.

Students don't give them a chance, do they? Call me a traitor if you will, but I'm going to challenge such a point of view. When I finish you can take this to mean all teachers or you may conclude that we have an exceptional group of teachers at P.S.H.S.

AS THE LAST BELL for the day tolls out its sweet music, Paul Summers leaves our noble institution of higher learning for the sweeter atmosphere of home. However, he will shortly be seen in the Village comfortably attired in boots and levis. His mission takes him to the Safeway grocery accompanied by his son, Tony. He then takes home the bacon to his wife, Juanita, who meantime has been busy taking care of very young Paul, Jr.

After hours, Mrs. Kathryn Martin is an average mother with the same problems with her children that are common to all mothers. Her lovely teen-age daughter has the same time-worn excuses for not doing the dishes. (Haven't we all tried them?) And her brother Dick just needs a little more time to finish his model racer before he cleans his room. Really Mrs. Martin is confronted with the same old problems, but it appears she handles them in a little more intelligent manner than is customary, still remaining human.

OUR PRINCIPAL has the reputation of being a very charming host. Dr. and Mrs. Ernest Oertel can make an evening gay and in-

GUESTS HERE—After doing their stunts in the air at the recent Desert Circus, this belated picture shows the skilled pilots as guests at the Colonial House. Top row: Lts. Lennon, Flynn and Johnston. teresting whether the guests be adults or students. Just ask any journalism student about "Aunt Tilly" to verify the Oertel's ability as hosts.

Mrs. Moya Henderson has the same trials and tribulations as any other veteran's wife. She and her husband have been attempting to build a house since last June, but still no home. They have the same troubles with painters, carpenters, etc., as anyone else.

HENRY GREELEY enjoys playing with his dog after tedious hours at school. He also likes to peddle about over scenic village streets with his daughter, Barbara, for relaxation.

At home John Weeks is just like all proud fathers. He plays baseball with his older son, Marion, and takes his year-old son Bill for walks.

So you see teachers can be human. We just don't give them a chance. The average teacher has to contend with over 100 students a day while the average student has one teacher not more

Village Youth To Be Honored at Illinois U.

Among University of Illinois students who will be given special recognition on Honors Day, May 2, at Urbana, Ill., is William A. Curtis of Palm Springs.

Top-ranking seniors who will be accorded "University Honors" will be announced during the ceremonies and their names inscribed on a permanent plaque in the University library.

than twice a day. All in all, I think P.S.H.S. has a wonderful group of teachers who are average Americans and who are just as human as you or I and who, moreover, enjoy life and other people.

Daugherty To Quit D. A. Post on Thursday

Harry M. Daugherty, chief deputy district attorney for almost six years, will leave that office Thursday to go into private practice in Riverside, it was announced last week end.

Daugherty is well-known in Palm Springs having been here many times in connection with criminal cases.

During his time in office he has handled more than 200 criminal cases, including the Ruth Hitchner and Marvin Tutill cases from the Village.

He will be associated, in private practice, with Richard J. Welch, also well known in the Village.

Money does not make you happy, but it enables you to be miserable in comfort.—Prof. C. E. M. Joad, B.B.C. official.

Community Hospital Notes

By BLANCHE TURONNET

During Circus Week the patients had quite a treat, with a preview of the hats that Mrs. Ruth Prothro made for some of the nurses, to wear at the "Goofey Hat" contest. They were most original and more wonderful, because Mrs. Prothro has both arms in casts. The most unusual one had a maypole, and clever little figures made of pipe stem cleaners around the brim; another had ice cream cones made of colored cotton. Most of them would have made Hedda Hopper green with envy.

The rooms that are to be used for the Hospital Free Clinic each week were ready early Wednesday morning, with Mrs. Mildred Hill, co-ordinator, waiting to greet the Nurses Aides, that Mrs. Leo Baker, Chairman for the Red Cross, had asked to assist that day. Expected too, were the Gray Ladies under Mrs. Francis Crocker. Mrs. Barney Hinkle, chairman of the Welfare and Friendly Aid, was sending some of her willing workers to do the Case History filing and office work.

AMONG THE 46 patients in the hospital since Easter were: Ed A. Bronson, James P. Jorgenson, Bernard F. Weadcock, Mrs. Virginia Holtsinger, Mrs. Howard F. Smith, Peter J. McComb, Samuel J. Miller, Howard Jay, Mrs. Gladys Shannon, Miss Ethel Mad-dock, Mrs. Ruth Elliot, Mrs. Lois Jones, Monsignor Richard Collins, Mrs. D. Connell, Mrs. Jack Gholstin, Wm. T. Jefferson, Miss Margaret Keaver, Mrs. Sophia Murphy, Mrs. Adelyne Neisner, Ruth Prothro, Mrs. Adelaide Thompson, Cadet Warring, Mrs. Margaret Lacaille, Mrs. Helen Fisher, Baby Carillo, Donna Day, Baby Girl Stuart, and baby boys Trout, Akers, and Frierson. All these patients were glad to have our readers know they were in the hospital, each patient or a

member of his family is contacted before his name is published. Be sure to go to the polls and vote May 20. That Palm Springs needs to keep this hospital has been proven by the many people who have been taken care of, and several saved from death.

Every phase of our technological development has been ordered (by Russia) since 1943. Yet since 1927 Russia has refused to give the United States a single patent.—Rep. J. Parnell Thomas (R) of New Jersey, Un-American Activities Committee Chairman.

Dennison Grant, vice president and general manager of the Penn Oil company and member of the Petroleum board at Washington, is visiting his niece, Marge Pohl.

Helen Walker, actress, is staying at the Racquet Club. Helen has just been acquitted of a manslaughter charge that occurred last New Year's Eve when the car she was driving overturned and a soldier to whom she had given a lift was killed. Helen has received an assignment in the picture "Nightmare Alley."

Mrs. Margaret Keene gave a cocktail party at the Tennis Club for Mrs. Arline Barham, Mr. and Mrs. Robert Ransom, and Mr. and Mrs. Earl Cordrey.

Friday night the Shriners took their own entertainment with them, even to the oversized music box that they dragged from one bar to the other. It took more than patience for some of the local entertainers to cope with them, but since it was all in the spirit of good fun there were no complaints.

Trader Vic, who has established a world famous restaurant in Oakland, is staying at the Racquet Club.

Nan Bennett, blonde starlet, has just signed a contract at MGM. She is brushing up on her tennis at the Racquet Club.

Seen at the Tennis Club during the week were Johnny Weismuller, Ruby Keeler, Cass Dailey, the Randolph Scotts, and Harry Crocker.

Seen at the Doll House last week were Rex Colbert dining with Iris Riley, Lane and Mary Lou Reardon. Also the Frank Morgans, Sammy Sontag, Johnny Weismuller, Barbara and Barney Hinkle, Pat Boyer, Mr. and Mrs. Russell Stewart and the Phil Delanos, Mary Jane Hicks, Gwen

Hickson, Dorothy Gray, and Paul Lukas, who has returned from New York after a severe illness.

Seen by the pool at the Racquet Club were that musical group consisting of Buddy Pepper, Bucky Henshaw, and Ralph and Dottie Blanchard. Ralph is a singer of note (and notes) and Bucky is a pianist and composer, so with the aid of Pepper of the Dunes it was a musical afternoon.

Thelma and Bill Davies were at the Bombay enjoying the good food, and so were the Al Epsteins.

Sally Hurd pulled a fast one Friday by eloping with George Archer to Riverside. They celebrated that night at the Doll House with their family and friends. Drinking toasts to the happy couple were Joanne Hurd, Charles Hurd, Fran Foster, and Koon Mooney.

Friday night the Dean Jagers, Joan and Vincent Fotre, Randolph and Pat Scott, the Sam Goldwyns, and Trader Vic all enjoyed dinner at the Racquet Club.

Burtram Smith, jeweler to the Royal Family of England, has recently retired and is making a tour of the world. Mr. and Mrs. Smith are lingering in Palm Springs before returning to their new home in the south of France.

Prince Vasili Romanoff and his beautiful wife Natasha have been visiting in Palm Springs at the home of the John Gallois. Prince Vasili is intensely interested in agriculture and is experimenting on land near San Jose.

Gene Raymond and Jeanette McDonald are staying at Thunderbird Ranch. Both have been absent from the screen too long and are looking forward to making a picture in the near future, together we hope.

Seen the other night at the Doll House was hostess Mrs. Perry Johnston who entertained Mavis Lauer, Jean Winters, Roberta Moser, Jean Ott, Marion Williamson, Dorothy Martin, and Mrs. Harry Beaver.

The Postoffice Department is reported to be planning to ban nude ladies on 1948 calendars. No clothes, no dates.

FAIRYLAND—As pure as the wild flowers that abound about their feet and as far as the eye can see, is the kiss pictured above between Harold Barkow, Jr., age two, and his cousin, Janie Barkow, also two, both of Fallbrook. The boy, so intent on planting his kiss in just the right place, is the son of Harold Barkow, former co-

The Rights of Free Men

By ETHEL GILLET WHITEHORN

The bill known as Labor's Bill of Rights was passed in the House of Representatives on April 17. The vote was 308 for; 107 against; 17 not voting.

Within the next two weeks, the Senate will debate and pass its labor bill which may or may not go further than the House bill.

The consensus in Congress is that President Truman will veto any labor bill that is placed before him. The consensus throughout the Nation is that his veto will be promptly overridden. It should be since the rights of free men are the symbol of the American way.

THE FOLLOWING is a detailed description of the bill as passed by the House (Cong. Record, April 17, page 3746).

1. The right to join with his fellow workers to select as their bargaining agent the union that they want, not the union that is forced upon them.
2. The right to get a job without joining a union.
3. The right to vote by secret ballot in a fair and free election on whether his employer and a union can make him join the union to keep his job.
4. The right to require the union that is his bargaining agent to represent him without discriminating against him in any way or for any reason, even if he is not a member of the union.

5. The right, with his fellow employees—to make demands of their own and to bargain about them through the leaders of their own local union without dictation by national and international officers and representatives.

6. The right to keep on working and getting his pay, in spite of sympathy strikes, jurisdictional disputes, illegal boycotts, and other disputes that do not involve him and his union, or his employer.

7. The right to know what he is striking about before he is called out on strike, and to vote by secret ballot in a free and fair election on whether to strike or not after he has been told what his employer has offered him.

8. The right to express his opinion concerning union policies, union officers, and candidates for union office, and to make and file charges against his employer, the union, or union officers, without suffering any penalty or discrimination.

9. THE RIGHT to vote by secret ballot, without fear, in free and fair elections, on any matter of union policy—how much dues he shall pay; what assessments the union can make him pay; what the union can spend the money for.

10. The right to vote by secret ballot in free and fair elections for his own choice of union officers.

11. The right to know how much money his union has, how much it pays its officers, and how much of the union's money the officers use for expenses.

12. The right to refuse to pay the union for any kind of insurance he does not want.

Outstanding use, of course, will be the permanent site of the Palm Springs Community hospital. In addition to the building it now occupies, its facilities would be greatly enlarged at a very meager cost.

OTHER USES include new buildings to house the municipal, county, state and general government administration, land for the botanical gardens of the Desert Museum, and an enlarged and well equipped Health Center, a large and much-needed city park and space for a municipal pool and recreational area. There would be room for other organizations like the Boys Club, a place for Girl and Boy Scouts and a recreational center for Veteran's organizations, now active in the city.

Washington's cherry trees, now in bloom, are attracting thousands. Occasionally someone does go their who doesn't want something out of the treasury.

Former Museum Heads Active at Honduras School

Miss Marie Barker this week received an interesting clipping from Boulder, Colo., newspaper, containing a letter from Prof. T. D. A. Cockerell, who formerly was connected with the Desert Museum here.

Prof. and Mrs. Cockerell are spending the winter in Teguligalpa, Honduras, Escuela Agrícola, an agricultural college, and describe the life and work of the students there in their letter.

Both Prof. and Mrs. Cockerell are enthusiastic about the work being done at the school and the professor is busily engaged in adding to his collection of insects and is especially studying the insects harmful to agriculture in Honduras with the view to adequate control.

Award Prizes in Legion Auxiliary Poster Contest

One hundred and forty posters were completed the past week by students of Frances Stevens, Cahulla, and Cathedral City elementary schools and the Nellie N. Coffman junior high, and all were entered in the poppy poster contest sponsored by Owen Coffman unit, American Legion auxiliary.

The poster judging took place Saturday at the Desert Inn Fiesta House. Mrs. Claude Valeur, Mrs. Maynard Groth, Mrs. Mildred Jackson, Mrs. Enid Armstrong, and Mrs. Lena Basileone, as judges, selected the winners on the basis of appeal, artistic ability, originality, and neatness, resulting in the following decision:

CAHULLA SCHOOL: First, Olga Nava; second, Leland Blau; third, Aileen Scheahan; honorable mention, Gerald McKinney. **Cathedral City:** first, Suzanne Cooper; second, Floyd Giles; third, Lois LeBron; honorable mention, Doris Griggs.

Frances Stevens: First, Judy Bechamst; second, Eddie Stringer; third, Rudy Martinez; honorable mention, Raymond Olevy. **Nellie N. Coffman junior high:** First, Jane Taylor; second, Rudy Salazar; third, Raymond Knowles; honorable mention, Roger Welles. The poster chosen for first place in the combined elementary group is the work of Olga Nava; second, Rudy Martinez; third place, Suzanne Cooper. The posters made by Olga Nava and Jane Taylor will be entered in the 21st district (Riverside and Orange Counties) contest scheduled to be held today at Corona.

ACCORDING to Mrs. Harold Lienau, auxiliary president, choosing the winners proved to be no small task for the judges, for many fine posters were submitted, each one conveying a forcible poppy message.

The posters were made by the students under the direct supervision of Miss Katherine Finchey, superintendent of the Desert school district and Miss Era Franklin, art teacher.

Mrs. Rollie Cornell and Mrs. Jay Morrison are co-chairmen of the auxiliary's poppy committee.

Mrs. Morrison stated that the posters will be displayed in the Village in advance of Poppy Day, May 24, to awaken a friendly interest in the sale of the veteran-

Village Drive to Aid United Jewish Appeal Progressing

At a meeting last Friday night at the home of Mrs. Tillie Weisberg, those present responded generously to the appeal of General Chairman Stanley Rosin of the United Jewish Appeal, National Field Representative Jack Danberg and Mrs. Sophie Spanjaard, who told of her own experiences in the detention camps of Europe.

Chairman Rosin after tallying with the treasurer, J. A. Yale, reported that the half-way mark had been reached and also urged all who were not present to send their contributions to him at 418 S. Palm Canyon Drive, in order to help facilitate the work of the committee.

A meeting of the advance gift committee with the following additional names, Jack Rose, Zachary Pitts, L. Dubin, I. Matloff, A. Isreal, Sol Margulies, A. Greenfield and Harry Greenberg, was called for tonight at his home on Val Monte De Norte. The advance gift committee as well as these listed are urgently requested to be present as Chairman Rosin is very anxious to have the committees complete the task of contacting all the remaining names on the list and bring the campaign to a successful close by attaining the quota of \$17,500.

The chairman expressed his appreciation to all who helped make the meeting a success and especially thanked Mrs. Tillie Weisberg for the use of her home and the fine hospitality displayed by both herself and Mr. Lewis. Special thanks also went to Lloyd Mason Smith, director of the Museum for the time he took to showing of the moving pictures.

Clark will open his engagement at Mr. Dees tonight.

The Legion Auxiliary's annual poppy making program is now in full swing. 25,000,000 poppies will be made by disabled veterans of both wars in hospitals and convalescent workshops throughout the nation, according to the chairman. The proceeds of the sale of the poppies is used by the American Legion Auxiliary in their rehabilitation, child welfare and education programs for needy or disabled veterans and their families.

Splendid Program Concludes Season For Woman's Club

The Palm Springs Woman's Club concluded the season last week with another delightful program arranged by Mrs. James Geggie, who has served as program chairman during the season. Mrs. Harold Murphy, new president of the club, presided over a short business session and then introduced Mrs. John Sprague, program chairman for the coming club year, who in turn introduced Mrs. A. G. Kieser of Riverside, president of the southern district of Federation of Women's Clubs.

Mrs. Kieser spoke briefly on the importance of the women's clubs of America using their weight and influence for preserving peace and fighting any communistic teachings and influence in young people's organizations. Mrs. Kieser announced that there would be a state convention of Federated Women's Clubs at the Coronado Hotel, May 21, 22 and 23rd, and expressed the hope that as many as possible of the Palm Springs club would be present.

Mrs. C. H. O'Neal, state trustee from Los Angeles district, was then introduced by Mrs. Kieser. Mrs. O'Neal is also state and Los Angeles chairman of nurse scholarships and state chairman of Philippine aid to the Philippine National Federation of Women's Club and gave a most enlightening talk on both nurse scholarship and Philippine aid. She stated that there was still an urgent need for nurses in the United States and that there were many girls willing to take up the profession but could not do so for lack of funds to take the training. Over 350 girls in California have been able to take this training because of the scholarship fund received from the women's clubs of the state. Mrs. O'Neal also spoke of the great work being done by the Philippine women's clubs, who did so much for American prisoners during the war, even at the risk of their own lives, and of the need of aid in the Philippines now where homes were completely stripped of everything by the Japanese.

At the conclusion of the meeting Mrs. Effie May Grogan sang Aloha, accompanied by Mrs. James Geggie at the piano. Members and guests enjoyed an informal tea at the close of the meeting, served in the clubhouse and patio by a committee headed by Mrs. William Wright, chairman; Mrs. Marie Belyea, Mrs. James B. Oliver, P. A. Staley, R. F. Outcault, A. V. Linkletter, Anas M. Ward and Walter Allick. Hospitality committee for the day included Mrs. George Manington, Mrs. John C. Langtry and Mrs. Donald Lockett.

Wives of Village Amvets Plan New Organization Here

Creation of a new woman's organization in the Village took form last week during the regular meeting of members of Post 34 of AMVETS.

Although the name of the organization has not been definitely decided upon, wives of AMVET members will decide within the near future whether they will wish to be known as AMVET auxiliary or AMVET Wives.

FIRST MEMBERS who will organize under the guidance of AMVET Adjutant Pegi Scott include Mrs. Stanley Schmidt, Mrs. William Rashall, Mrs. Grant Woods, Mrs. Zacuto, Mrs. Frank Selvitella, Mrs. Claude Church and Mrs. Walter Pagan.

No officers were elected and perhaps an election will not take place until more wives of AMVET members are given an opportunity to join the new organization. These and the wives, mothers, and sisters of World War II both living and those killed in action will be given an opportunity to join first.

IT IS THE HOPE of those who were at the meeting on Monday night to assist in the program of the AMVETS and to arrange their meetings on the same nights the regular meeting of the AMVETS take place.

An invitation to new members to join will be sent to each qualified Village woman, announced Pegi Scott, who will also call the next meeting.

Arrangements were discussed Monday night for the social get-together of AMVET members, friends and wives. A dance with refreshments and plenty of amusements was decided upon, to take place May 2.

Soroptimists Man Plans for Charter Dinner on May 10

The Soroptimist club of Palm Springs held its regular weekly luncheon on Tuesday noon at the Chi Chi. Committees were appointed for the fall season and final plans were completed for the chapter dinner to be held at the Desert Inn the evening of May 10.

Soroptimist, a coined word, means "The Best for Women". Soroptimist International is an association of classified service clubs for professional and executive business women of American, British and European Federations; membership in the organization offers the same opportunities for service, and wider personal and business contacts that are afforded men by Rotary and other men's service clubs.

Organized in Oakland, California in 1921, the movement spread rapidly to London in 1923 and to Paris in 1924, thence all over the United States, Canada and into twenty-two foreign countries, so that now outstanding women in all parts of the world are enrolled in membership.

As a member of the American Federation of Soroptimist clubs, the Soroptimist club of Palm Springs expects to become an important cog as a service group of the local community.

Mr. and Mrs. Henry Weinberger had as their guests, Mrs. Weinberger's sister and brother-in-law, Mr. and Mrs. Lieberman of Chicago.

Mrs. Ruth Hardy of Ingleside Inn was in Los Angeles last week to visit her son and daughter-in-law and to see her new grandchild born to Mr. and Mrs. Jack Hardy three weeks ago.

Don Caballero... Just a Sprint

THURSDAY EVENING Modern Screen magazine took over the Doll House using as their models beautiful Pat Knight and her husband Cornel Wilde.

Those acting as background and enjoying themselves immensely were Bert Kopperl, Tony Burke, Harry Crocker, Louise Hardt, Frank Phillips, and photographer Bob Bierman.

They also have been taking pictures at Thunderbird Ranch and the Racquet Club.

ALLEN TOMLIN, former actor and now successful real estate operator, and Rodney Sober, tennis player, are staying at the Raymond Loewy home.

They entertained a few friends at cocktails last Friday evening. Among those present were Doris and Walter Marx, Marielna Borden and Alice Clay Waterhouse.

THURSDAY EVENING at the Tennis Club Mr. and Mrs. Edward Stamm entertained Jim and Norma Oliver, Priscilla Chaffey, Nicky and Sallie Nichols, Al Gardiner, Harold and Caroline Hicks, and Mr. and Mrs. William E. Mason.

THE TENNIS CLUB is making big preparations for the Snow White Ball, the second annual event of its kind to be held in Palm Springs.

The date is May 3rd and the moon will be full. Dancing on the tennis court and all the ladies dressed in white promises to make it a gala event.

Judge A. D. Mitchell of San Bernardino superior court, and Mrs. Mitchell and Mr. and Mrs. Fred Luber of Milwaukee, Wis., were in the Village Saturday, for the Shrine parade and ceremonial.

Judge Mitchell is a member of Al Malaikah Temple. Mr. Luber is also a Shriner.

They were guests of Mr. and Mrs. R. F. Graettinger.

More than 500 Legionnaires are expected to be on the O'Donnell golf course tonight to witness the colorful initiation of new members. Representatives from such posts as Riverside, Banning, Beaumont and Coachella Valley posts plus a drum and bugle corps will be present. A spaghetti dinner will be served after the ceremony.

Firemen Find Blaze Almost at Front Door

Firemen had to go less than 100 feet Thursday at 9:50 p.m. to put out a fire. And, at that, it was just a matter of sprint and carry.

Someone in the apartment of Russell Poltz, across the street from the fire station, got rid of the contents of an ash tray by dumping them in a wastebasket. A few minutes later the siren was going full blast.

One of the firemen dashed upstairs and brought the blazing basket to the street where the fire was quickly extinguished.

MORE ABOUT...

City Land...

proposed Land Use Ordinance does contain some major changes. There are principally the off-street parking and the development of two additional commercial zones with closer classification of the uses as now exist.

"The hearings before the Planning Commission are for the purpose of guiding the Commission in determining the recommendations to be made to the City Council," declared Burket.

CITY MANAGER William Alworth said that the new planning scheme for the Village is necessary in view of the city growth of 110 per cent since the first zoning ordinances and land uses were adopted back in 1940.

"Many cities in the last two or three years," said Alworth, "have made surveys and drastically revised land uses and ordinances pertaining to that use."

He added that land uses in every progressive community are under constant study and should be revised from time to time. Burket feels that the new plans will provide for an orderly growth of the city in which certain types of development can be kept within respective zones.

"THIS NEW WORK of planning is years late," added Burket. "It is the result of the best advice obtainable and is now ready for study by the people of Palm Springs."

City Manager Alworth announced that Robert Peterson, city treasurer and administrative assistant to the city manager, who has made a study of the text as submitted by Suess, will be at the El Paseo theater to explain the proposed changes all week long from the hours of 2 to 4 p. m., Monday through Friday.

When Columbus came to America he found the natives inhaling tobacco to induce a state of trance, according to the Encyclopaedia Britannica. During the trance they supposedly saw visions that were accepted as divine revelations.

CÉLÉBRATION—The Ray Kelley's 10th wedding anniversary, celebrated at the Tennis club, was a real double celebration. As their guests they had Mr. and Mrs. Ray Green, Oakland, Calif., whose 11th anniversary fell on the same day. This is the fourth year the two couples have celebrated together. Left to right, Ray Green, Mrs. Ray Kelley, Mrs. Ray Green, Ray Kelley.

Doing the Village

with

Moya Henderson

One of the first families to leave the Village for the summer are the Lauritz Hansens who have started on the first leg of their trip to Denmark. Sailing time has been changed so the Hansens have gone to their sons, Richard and Hans, in La Canada, to wait for their ship to come in. Their trip will take them through the Panama Canal to the East Coast. Mrs. Homer McKee entertained at luncheon and bridge in honor of Mrs. Hansen at the Tennis Club on Friday.

Holly Lash Visel has for a long time been one of the biggest boosters for a cultural program here in Palm Springs. She has done a very effective job as director of the choir at the Community church. With Violet Fowler and D'Estira Williams, she was responsible for bringing some of the finest talent in Palm Springs before the many people in the community interested in the Arts. Friday night at the Woman's club these three were hostess at their Spring party. Among the many fine numbers on the program were D'Esta Williams with her harp, the Palm Springs trio (Mrs. Visel, Mrs. Fowler and Mrs. Wagner), the Lamplighters, Roland Vale, Ken

Woodbury and Richard Hunton, Reverend James Blackstone who was accompanied by his very charming wife, and Ruth Ann Fleming.

FRIDAY NIGHT was also the evening of the High School Junior-Senior Prom. Although the sudden change in climate made dining out doors impossible it certainly didn't put a damper on the party. Highlight of the evening was the crowning of Sally Robinson as Prom Queen by Mrs. Ernest E. Oertel, looking very queenly herself. Sally made one of the prettiest queens to ever reign over the affair.

The Los Compadres have finally found an outfit that can make more noise than they can in a parade so they relinquished the town to the Shriners this week-end and took off for Cold Creek on an overnight pack trip.

THE TENNIS CLUB was the scene of much merriment on Saturday evening with Shriners predominating the groups. Local Shriners Siegel Raymond and Ken DuBose were evident amongst the crowd. Elsewhere about the dance floor were to be seen Melba and Frank Bennett,

Priscilla Chaffey doing a rumba with Al Gardiner, Caroline and Harold Hicks, Norma and Jim Oliver, Sally and Culver Nichols, Helen and Fred Ingram, Betty and Culver Parker, and many, many more.

BACK TO THE DESERT and wanderings around down here. Doll Housing—Pat Pirie and Harry Reid of Smoke Tree. Dottie and Jack Gorham dining at the Strebe establishment. The Dart family and the Barney Hinkles dining at the Dunes.

Johnny Boyle has been approached with a proposition to make some recordings of western records after being heard by representatives of a Los Angeles organization at the Insanities. If it takes persuading let's get busy on Johnny. Just think how wonderful it would be to turn on his 'Cool Water' whenever you wanted to.

FINAL MEETING of the season of the Palm Springs Jewish Woman's group will be held tomorrow at 12:30 p. m. at a luncheon at the Doll House.

All interested in the work of the group are urged to make their reservations early by calling 3434.

Certain tribesmen of southern India domesticate the buffalo but generally abstain from eating its flesh, according to the Encyclopaedia Britannica. It is only once a year that a bull calf is sacrificed and the meat is eaten in a forest by the male adults.
